2010 YEAR OF NEW REGULATIONS

FMCSA Federal Motor Carrier Safety Administration will calculate the safety performance of motor carriers. These will include owner-operators and new drivers. **FMCSA** will hold companies and drivers equally accountable for their roles in safety and performance.

There are regulations waiting on final rulings: Electronic Onboard Recorders, Driver Training, Commercial Learner's Permit, Certified Medical Registry, Drug and Alcohol Test Database, CSA2010: Safety Fitness Determination and Texting Ban. Truckers will need to study their Motor Carrier Safety Regulations Handbook, Federal Register.
