Is Diesel Fuel Set to Decline?

Fourth quarter fuel prices would average \$2.85 per gallon then fall for the first three quarters of 2006 year to \$2.49 per gallon in the third quarter. They might start rising again by November 2006.

This is the breakdown per gallon at the pump for 2006:

1st Quarter \$2.58

2nd Quarter \$2.51

3rd Quarter \$2.49

*For more details see the **December 2005/January 2006** issue of **Light & Medium Truck** magazine page 13 or visit the web site at www.lmtruck.com*
