### **New Leader, New Ideas**

Changes for trucking likely will be seen in regulatory agencies such as Transportation, Environmental Protection or Labor and Energy. President Barak Obama will be pushing for a stronger infrastructure improvement. Obama promises to put people back to work rebuilding our crumbling roads and bridges, schools that are failing our children, and wind farms and solar panels. Fuel-efficient trucks and trailers, and cars to free us from our dependence on foreign oil and keep our economy competitive.

With this new infrastructure it boost the more jobs for the trucking industry. We need to put truckers and people back to work rebuilding our crumbling roads and bridges, schools, fuel-efficient cars and the alternative energy technologies. We can free ourselves from depending on foreign oil and keep our economy competitive.
