## DANGER TEXTING WHILE DRIVING

Distracted driving contributes to thousands of road deaths every year. When drivers keep both hands on the wheel and both eyes on the road is safest way to drive. They can't drive safely while texting are using cell phones.

Washington, D.C. - U.S. Transportation Secretary Ray LaHood and National Safety Council President Janet Froetscher announced the creation of FocusDrivers, the first national nonprofit organization devoted specifically to raising awareness about the dangers of distracted driving.

For more information about preventing distracted driving, please visit [www.distraction.gov](http://www.distraction.gov), [www.nsc.org](http://www.nsc.org) and [www.focusdriven.org](http://www.focusdriven.org)
