### Truck Owners Can Apply For Grants

#### **H.R. 5809: Diesel Emission Reduction Act of 2010**

Truck owners will be able to apply for local and state grants to replace or retrofit their equipment. President Obama signed **House Resolution 5809** known as the **Diesel Emissions Reduction Act of 2010** into law January 2011. DERA authorizes \$100 million every year for five years between 2012 and 2016.

DERA money is awarded to state, county and entities that in turn create local diesel programs. Truck owners apply through those entities for grants to pay for or loan money for a variety of emissions reductions reduction actions.
